

## COMPANY STATEMENT.

### FDA (Food & Drug Administration) STATUS.

#### Rubber Products supplied by Specialised Engineering Products Limited.

All rubber products that are specified by Specialised Engineering Products Limited (SEP) as suitable for FDA applications are manufactured using only FDA permitted ingredients. These materials are processed to ensure that the parts produced meet the extractable limits set out on 21 CFR 177.2600 – This regulation deals with rubber articles intended for repeated use in contact with food.

All parts manufactured as FDA compliant will have, a formal, comprehensive, traceable route, from finished products, back to the original ingredients used to formulate the raw compound. Such products will be supported by a Certificate of Conformity produced by SEP.

Only suppliers who offer SEP similar supporting documentation and who operate to a minimum quality standard of ISO 9001, will be used for any associated FDA works/materials.
